

John Simmons

John Simmons was recently diagnosed with Thyroid cancer. With the help and support of Best Doctors, he and his wife received a detailed expert second medical opinion from one of the world-leading experts in his condition, giving them the reassurance that the diagnosis was correct and the proposed treatment the most appropriate.

"We found it very easy to access Best Doctors. Everyone at the company was professional, sensitive and caring. My husband was seriously ill and it was a relief to us that dealing with Best Doctors was free of hassle and stress. They knew exactly what they were talking about and were there to help us from the first to the last call. Best Doctors gave us an excellent service. They were second-to-none - so 'Thank you!'"
